# Xuân

## Biography

Xuân is French with Vietnamese and Chinese origins; her first name means "Spring" in French. Three years ago, she decided to live out her passion for music. She is a singer and songwriter and she produced her debut album, "Winter Rêverie", released only on digital on September 16th, 2016 under her own indie label, LUCILLE7.

She welcomes us into her dreamlike universe with her crystalline soulful voice, pop rock musical influences and a graphic universe inspired by manga culture, Japanese animation and fantastic films.

The album "Winter Rêverie", is about loss. To forget the pain, the heroine, her alter ego, escapes into a parallel world, between dreams and reality, and gradually sinks into a sweet madness. This is the winter of her life, the troubled waters.

The debut album is written in English and is the first of a tetralogy. Each album represents a season and an element of Feng Shui in the Chinese astrology.
